

Rockwell Part

Rockwell Parts - AxleTech International is a premier dealer in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their customers' expectations for service, technology, delivery and quality. They believe in working within an atmosphere which encourages the highest integrity with empowered collaboration, together with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of ecological stewardship and safety in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever comments or questions, because they are glad to share and promote this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the natural world. AxleTech has an EHS program that not just protects the natural environment but which also actively protects their neighbors and staff too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet certain application demands. They have more than 1000 various axle specs in their existing offering. With more than one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in several military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be seen in the "ISAS" product collection.
